### Case Study :

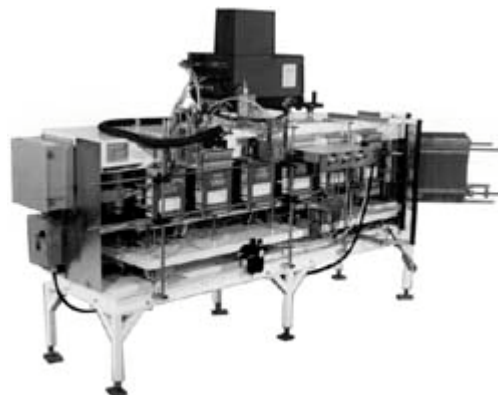

*Demonstrating Packaging Know How With New Product Launch !!*

*A food company turned to us to help create packaging for a new product launching in the marketplace.*

*This item was a new product and an introduction to the retail industry. Sigma's expertise in delivering product through the retail channels was a major contributor in developing this package.*

*From the design of the carton, to the implementation of this program, we were able to work closely with our customer to make this the first of many SKU's introduced to the retail sector. Currently, we are cartoning several SKU's and because of our flexibility added some new seasonal items as well.*

# Sigma Services Corporation

Chicago · Dallas / Fort Worth · Brownsville, TX / Matamoros, Mexico

There are good reasons why some of the biggest names in the consumer products and industrial packaging industries have turned to Sigma Services to provide turnkey contract packaging and fulfillment services. At Sigma Services we understand the important role that packaging, distribution and logistics play in a successful business operation.

Our mission is to provide customers with unmatched agility and confidence while bringing their products to market. This approach has allowed us to earn our customers' trust and to build strategic partnerships with several Fortune 500 companies.

**Project Mixes** - Our projects vary in scope from full scale program management with dedicated facilities and equipment to seasonal projects requiring leased equipment. We process a quarter billion dollars of consumer and industrial products per year with a damage/loss ratio near zero.

**Capital / Equipment** – Each project is qualified through a comprehensive review to determine the appropriate machinery within our extensive inventory of packaging equipment that is best suited to meet the project objectives. When necessary, additional capital investment will be made in order to achieve those objectives.

**Facilities** – Our multiple facilities have been established to provide maximum flexibility with respect to our customers' logistics and cost structures. These locations comprise over 250K sq ft of packaging, fulfillment and warehousing capacity. Your project is efficiently accounted for and processed through our operations by a dedicated staff of more than 300 highly trained employees.

**Dependability/Stability** – Founded in 1994, Sigma Services has experienced rapid growth while maintaining a nominal employee turnover rate. Our stable and dedicated workforce has allowed us to improve upon our existing processes while focusing on our customers' priorities. You can depend on us to “go that extra mile” to meet your most demanding delivery schedules.

**Systems / Process Control** - A state of the art ERP system provides the central focus for which our processes are designed. Detailed project standards are created to ensure customer expectations are achieved. Orders, Bills of Material and Inventory are controlled through the system to quickly identify upfront material related issues and promptly resolve them to guarantee on-time delivery of your order.

**Shelter Programs** - Complementing our assembly and fulfillment services, we also assist customers in establishing operations in Matamoros, Mexico / Brownsville, TX. Through a shelter agreement, Sigma Services will help you realize the benefits of doing business in Mexico while limiting the risk and long term investment of transitioning your operation(s) there.
